

The best business phone system for the construction industry.

General contractors, construction foremen, and office workers all need to be responsive and connected to stay competitive and keep their clients happy. Whether you are in your office or meeting with clients, architects and engineers at a building site, Ooma Office manages your calls better so you can focus on your business - progressing each project, from wherever you are working.

Ooma Office, the #1 rated business phone service, provides the best value for construction companies.

Winner
6 Years Running!

✓ **24 x 7 Virtual Receptionist directs calls, provides helpful information.**

If you are unable to answer the phone when talking with clients, traveling to clients' sites, or it's after business hours, Ooma's virtual receptionist greets callers and provides information that answers common questions. Your clients can reach the right team member in one or multiple offices. You can build menu options such as: Press 1 to reach the company directory, Press 2 for billing, Press 3 for hours of operation. It's flexible and easy to update to fit your needs.

✓ **Never miss a business call when out of the office.**

Ooma's mobile app enables you to have extension dialing so you can use your business number anywhere. Incoming calls are easily identifiable so you know which calls are personal and which are business. You can flip an active call from your desk phone to your mobile phone when you need to depart while continuing a conversation. And your voicemails appear in your in-box for quick and easy listening and call-back.

✓ **Simultaneously ring numerous team members.**

With Ooma Office, you can create customized ring groups that simultaneously ring specific associates whether they are in your office or out in the field.

✓ **Free toll-free and local numbers.**

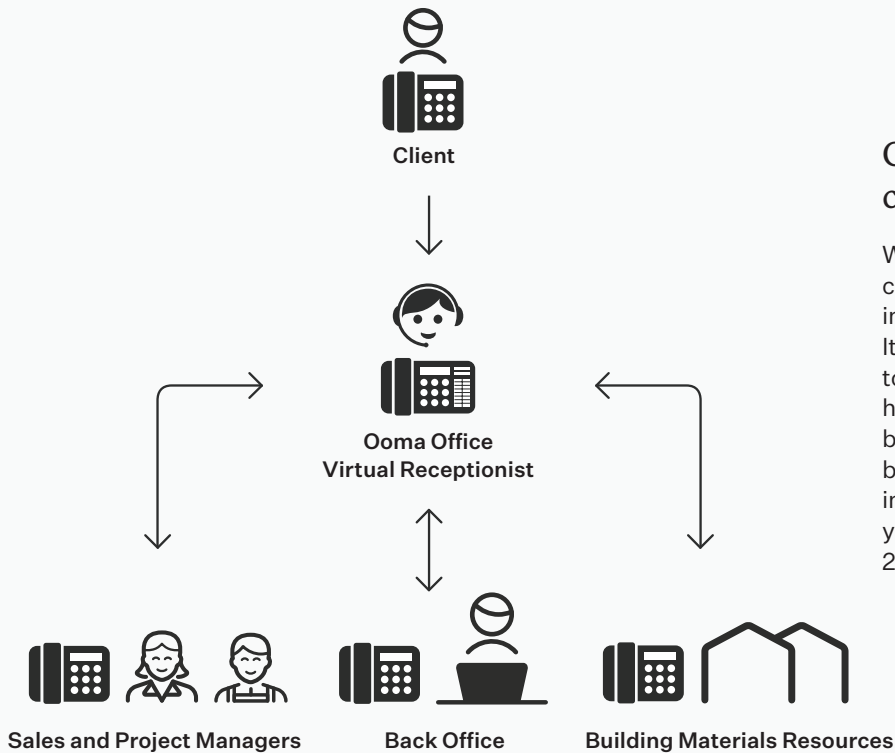

Eliminate long distance charges on calls between locations. Enjoy free unlimited calling to Canada, Mexico and Puerto Rico, with low international calling rates to other countries. Free fax numbers enable you to fax multiple documents simultaneously.

Smokey Mountain Tops and Scott Laboratory Solutions

“With Ooma, it's been like night and day. Smokey Mountain Tops relies on Ring Groups to route each customer directly to who they want to speak with. If you miss a call, the voice message is emailed to you when you are not at your desk, so you have a message you can listen to on your smartphone. We are a lot more in touch with our customers and are more mobile and agile on how we handle our business.”

– **Todd Scott**

Co-owner, Scott Laboratory Solutions & Smokey Mountain Tops

Construction team members stay connected to their clients.

When clients call to consult on a new project, check on the status of a current job, or pay an invoice, their calls are answered immediately. It takes just seconds to park or transfer a call to the right staff members so your customers have a great service experience, which builds loyalty and referrals. You eliminate big bills with surprise add-ons or complicated, inflexible systems that don't serve you and your clients' needs. And there's highly rated 24x7 support if you ever need it.

With Ooma Office, you get all the business phone features that are perfect for staying connected and responsive to meet the demands of construction industry. You get clear, flexible, reliable communications that save money for one or multiple office locations.

35 advanced features at a low monthly rate of \$19.95 per user. All-inclusive pricing. No nickel and diming or surprise add-ons or setup fees. We are so confident you'll love the quality and value of Ooma Office, there are no contracts!
